

SAME SKY

Jewelry that gives a hand-up, not a handout.

SAME SKY is a jewelry trade initiative working to create employment opportunities for women struggling to lift themselves out of extreme poverty. With collectives based in Rwanda and the USA, we see firsthand that real change happens with the dignity of work. 100% of net proceeds are reinvested to employ more artisans in need. With every dollar you spend, you cast a vote for the world you want to live in.
